HITACHI LUMADA

IMAGE	PRODUCT NAME	DESCRIPTION	LINK
	LUMADA EDGE INTELLIGENCE	Reduce your organization's reaction times to critical events in industrial operations. Ensure that your IoT deployments are sustainable, and optimize costs while reducing risks for local data management.	https://www.hitachivantara.com/en-us/products/iot/lumada-edge-intelligence.html
	LUMADA MAINTENANCE INSIGHTS	Optimize asset maintenance and operations with IoT solutions based on deep data science and powered by machine learning.	https://www.hitachivantara.com/en-us/products/iot/lumada-maintenance-insights.html
	LUMADA MANUFACTURING INSIGHTS	Fuel data-driven transformations that propel productivity, uptime and quality gains with Lumada Manufacturing Insights. Explore powerful use cases that align with business value and accelerate your intelligent manufacturing journey.	https://www.hitachivantara.com/en-us/products/iot/lumada-manufacturing-insights.html

IMAGE	PRODUCT NAME	DESCRIPTION	LINK
	LUMADA VIDEO INSIGHTS	Transform video into insights, combined with internet of things (IoT) and business data to gain comprehensive intelligence for your operations or business.	https://www.hitachivantara.com/en-us/products/video-intelligence/lumada-video-insights.html
	HITACHI VIDEO ANALYTICS	Harness the power of internet of things (IoT) data with artificial intelligence (AI). Turn your information into operational and safety insights, while protecting individual privacy.	https://www.hitachivantara.com/en-us/products/video-intelligence/lumada-video-insights/video-analytics.html
	HITACHI VISUALIZATION SUITE	Improve your safety and operations using alerts and insights from unified video, internet of things (IoT) data and analytics.	https://www.hitachivantara.com/en-us/products/video-intelligence/lumada-video-insights/visualization-suite.html

IMAGE	PRODUCT NAME	DESCRIPTION	LINK
	LUMADA FOR IOT	Enable your internet of things (IoT) solution to deliver high-value outcomes. Use the power of actionable data insights from Lumada applications, edge intelligence and co-creation services.	https://www.hitachivantara.com/en-us/products/internet-of-things.html

SAP

IMAGE	PRODUCT NAME	DESCRIPTION	LINK
 The image shows a blue-themed graphic for SAP's Industrial Innovative Platform. It features the SAP logo in large white letters, with 'Industrial Innovative Platform' written below it. The background includes a bar chart, a line graph, and a 3D bar chart, all in shades of blue and white. The text 'indus novateur' is visible in the top right and bottom right corners of the graphic.	<p>BUSINESS TECHNOLOGY PLATFORM</p> <p>SAP Data Intelligence SAP Leonardo IoT SAP Cloud Platform IoT</p>	<p>SAP's Business Technology Platform is a portfolio of integrated solutions that accelerate transformation of data into business value. It includes database and data management, application development, integration and analytics as well as intelligent technologies –from on-premise to the cloud.</p>	<p>https://www.sap.com/products/business-technology-platform.html</p>
